

Join us to tell SUNY Board:

No fake teaching credentials!

WHAT: Rally at the SUNY Board of Trustees meeting

WHEN: Tuesday, Sept. 12 at 4 p.m. Rally outside followed by public comment session inside at the trustees meeting

WHERE: The Embassy Suites Hotel
86 Congress Street, Saratoga Springs NY, 12866

Every child deserves a fully qualified teacher. But now the charter school industry wants to bypass state standards. Charters want to launch their own system of separate and unequal teaching certification — short on substance and loaded with short cuts.

These so-called “teaching credentials” wouldn’t make the grade in any public school in the state... so why should they be foisted on charter school students and their parents?

Maybe charter management is so desperate to fill slots they don’t care how they do it. But EZTeach shortchanges students and parents and sabotages the teaching profession. Tell the SUNY Board of Trustees to respect the teaching profession and ensure every child has a fully qualified teacher.

Reject the charter industry’s campaign to

- cheapen the teaching profession
- cheat students of qualified teachers
