

“Politicians’ Convention” Master Message Triangle

A “Politicians’ Convention” would cost hundreds of millions of dollars, and—just like in 1967—be run by the same old Albany politicians and insiders and accomplish nothing good for average New York families.

A “Politicians’ Convention” could strip working people of our rights to join a union and to collectively bargain, or weaken our hard-fought pension protections.

“Politicians’ Convention”**

A “Politicians’ Convention” could eliminate valued constitutional guarantees, like every New Yorker’s right to a free public education or New York’s “forever wild” environmental safeguards for regions like the Catskills and the Adirondacks. During a “Politicians’ Convention”, nothing would be off the table.

“Politicians’ Convention” Master Narrative

New York’s political insiders are throwing a party, and we aren’t invited. This coming November, state voters will be asked to decide whether or not New York will hold a “Politicians’ Convention”, a multi-million dollar boondoggle that would be funded by our tax dollars and would give politicians, Albany insiders, and the corporate special interests an opportunity to rewrite the New York constitution to serve their own interests. These are many of the same politicians and insiders who are constantly mired in corruption scandals and regularly being marched out of Albany in handcuffs. This party for Albany insiders, which is expected to cost hundreds of millions of dollars, would likely lead to constitutional changes that could strip New Yorkers of our rights to join a union and collectively bargain, and that could threaten our hard-fought pension protections. It could also lead to the end of valued constitutional guarantees like the right to a free public education and New York’s “forever wild” environmental safeguards for regions like the Catskills and the Adirondacks. Absolutely nothing would be off the table. Do you believe it is more likely that the politicians, lobbyists, and corporate special interests will come together to do what’s best for us...or for themselves? Do not give them the opportunity. Vote NO on the “Politicians’ Convention” and protect our rights.
